Automatic assembly equipment. King-Cargill 214
Automatic centreless bar turning machine. Lidkopings type KR-2A .. 989
Automatic-cycle machine for performing a variety of operations. Giddings & Lewis-Fraser type MC Endomatic 823
Automatic, Czech type A 50 A turret-type single-spindle, with facilities for rapid re-setting 1279
Automatic drilling and boring machine. Huller Hubomat 828
Automatic gas cutting machine. Operation of the British Oxygen-Ferranti 14
Automatic. Gildemeister type ASH 160 6-spindle, Operations on pistons on 1215
Automatic. Gildemeister type ZTA 400 drum-type 1444
Automatic grinder for operations on ball cages. Michigan CSG-3FA .. 1103
Automatic grinding machines. High output and accuracy from new Keighley 43
Automatic. Herbert 3A, Recorded-setting system for the 470
Automatic. Hestika single-spindle camless 1446
Automatic, Index type DG 12, Set-up on, for production of a nipple component 1215
Automatic induction hardening equipment for axle shafts. Birlefco 252
Automatic lathe. Huller Dax 2-spindle 740
Automatic machine for piercing patterns of small holes in rayon spinning nozzles. Programme-controlled turret-type 428
Automatic magazine bar loader. Hy-Feed 197
Automatic. Monforts type VA 630 vertical-spindle chucking 745
Automatic. New attachment for Monforts type RA 160 1218
Automatic. New Brown & Sharpe No. 2B single-spindle 736
Automatic. New work loading attachment for Monforts type KA 200 chucking 1184
Automatic positioning of a workpiece or machine member. Air cylinder-operated equipment for the 1012
Automatic. Set-up on Hestika single-spindle 1343
Automatic, Set-up on Index type B 60 F, for machining a connector body from aluminium casting 1218
Automatic. Set-up on Pittler Pidofat 2-spindle chucking 81, 219
Automatic, Strohm type LR 16 sliding headstock, with 6-station tool turret 1441
Automatic switchgear for standby generators. Meadows 215
Automatic. Traub type A 60 single-spindle, 2-station air-operated attachment for end-working tools for 1216
Automatic. Warner-Swasey-Asquith type 1AC single-spindle chucking .. 1339
Automatic, Wickman 22-in. single-spindle, Set-up on, for producing 3.543-in. long component from Ledloy steel bar 1216
Automatic work handling unit. Transferobot type TH 210 542
Automatics, Battery of Warner-Swasey-Asquith chucking, for bearing race production 598
